

# Tune of the Month

**Linda Danielson's Tune of the Month: "Brickyard Joe"** A classic Missouri tune, this is pretty close to Earl Willis's version, filtered through what I may have inadvertently done to it. Earl was raised in Boone County, Missouri, where he played on the radio, for dances, and for the grand opening (1929) of the first Chevrolet agency in that part of the state. He spent some years in California where he remembered playing for a square dance in film star Norma Shearer's home. Earl spent his last years in Springfield. ~ Linda Danielson
