OOTFA President's Report

It has been a very quiet month in French Gulch. Folks enjoyed the 4th with a minimum of problem. Didn't hear any fireworks, which is good because the forest is dry. I worry during the fire season.

My house has remained virus free and I hope yours is the same. I hear quite often from our members how they are dealing with the physical distancing. Been out myself a couple of times. The back yard/front yard playing is great for the neighborhood. And sometimes it even gets the cats and dogs joining in with a song.

With all this free time I have been reviewing old photos and reminiscing about gatherings over the last twenty plus years. Sure were some good times. Sure do miss it this year.

Tentatively there will be a fall state board meeting on September 19 at 10:00 am via Zoom as the last one was. There is not a lot to deal with, but the board felt that the meeting should be held so we can stay on track for the year to come. Hopefully the January meeting will be in person in Lebanon as usual. That would mean the worst is over and we could look forward to a great year. Until we are told otherwise we are on track for a normal schedule in 2021. I am thinking positive.

Stay safe and healthy ~ Scott

While looking for a topic to write about this month, I turned to my wife, Alice who suggested that I write a bit about **Bob Huffman** who will celebrate his 100th birthday in August. Thanks, Alice. I went to my computer to search for information, finding a 49-page document that I had compiled of letters that Bob had written to me several years back. Every page was interesting, making it too difficult to compress, but as I skimmed the 49 pages this section jumped out to me. I would like to share it with you.

Bob writes: Another pleasing adventure in my young life... A chance to get **Homer McLain** all to myself for a couple of days and play the old swing music till I dropped and a long-awaited chance to look down at the top of Steens Mountains and view the surrounding country from my lofty perch in the cockpit of my trusty little Cessna 150! 'twas a great trip!

Homer and I spent the rest of the day and evening playing music. **Eileen** dropped in with her fiddle and was a welcome addition to our band and later on **Larry** brought his guitar and joined us. I really had it good!! You just can't beat the **McLain** household for good music and hospitality. Homer furnished us with pancakes, eggs, and sausage for breakfast and **Rosalee** took over for lunch and dinner. My bedroom was in the rear end of their motor home.... complete privacy!

We were up early Saturday morning and after a delicious breakfast cooked again by Homer, we were off to the airport for our flight to the Steens mountain a

hundred miles to the east. Our flight carried us over some of the most desolate land in Oregon...inhospitable and completely useless for anything, although there were signs that people had tried to settle it sometime in the dim past. Homer made a pictorial record of our flight with his movie camera. He even caught a view of the instrument panel as we headed south along the mountain rim and the altimeter clearly shows an altitude of 10,300 feet!

I almost have to apologize for this being so short. Every page of Bob's 49 pages was interesting. ~ Lew Holt

Greetings All from District One,

It's very hard to believe that it's already August! I think mentally, I am still stuck on the last week, right before COVID-19 shut everything down. It's very surreal to know that it is now August, and thanks be to God for music because it really does help get us through these difficult times.

Here in District One, we are keeping busy, as best we can. **Merv Woodard**, and Junior Fiddler **Rebecca Hazen** have been teaching a new fiddle student their oldtime tunes. Their student is **JoAnn Eiman**, a local lady here in Klamath Falls. JoAnn is not currently a member of OOTFA but her OOTFA friends are hoping she will enjoy the fiddle tunes and soon WILL be! They get together every Friday night for about an hour and a half, and they're enjoying the fiddle fellowship very much!

Jenny Dreyer (me) also hosted another impromptu Fiddle Jam. Because of an ongoing kitchen renovation, we held the Jam in my backyard instead of the front to keep out of the contractor's way. It was lovely to play in the shade, and I'm sure my neighbors in the back were thrilled to know where the fiddle music was finally, actually coming from. **Sheila Fry** and **Terry McLain** and I had a fun time. We played lots of tunes and I must say that Terry McLain is a heck of a guitar player! I think his brother **Larry** taught him some tricks! I look forward to the impromptu Jam so much...it's been the best thing about this Summer. I hope all of you reading this right now, can also say that the music you have heard or played this Summer has been a beautiful gift.

August Birthdays: Karen Ayres, Jenny Dreyer.

Howdy from District 3,

Central Oregon has been blessed with some of the most beautiful Spring and Summer weather it has seen in a while. The classic "Sparkling day in Central Oregon" is a phrase our local weatherman uses. This makes for some good outdoor, socially distanced jam weather for those who feel comfortable gathering during this pandemic. An OOTFA jam was held at the Powell Butte Christian Church on Sunday, July 12th. Here is the report from **Jeannette Bondsteel**:

"We had 10 players show up for the jam yesterday at Powell Butte so it was a small intimate group but we had a great time. We used the small group as an opportunity to share and learn new tunes with each other. **Steve Hunan** has been playing a lot of Texas swing, so he brought several tunes for us with that flavor. **Joan Coleman** and **Linda Cloudas** were there on their accordions. They play in unusual keys for fiddlers, but we think that makes us really work at getting better. Oh, and they play fast! **Ron Phillips** from John Day ran over to jam with us and I mean ran. I don't have him on my CO members email list so he didn't get the notice that we were jamming yesterday until Patti sent out her mail to the state list. He was working in his shop when he got the information about the jam and dropped everything to run over to Powell Butte to jam for 2 hours with us. Jeannette had an impromptu potluck jam at her home after the Powell Butte jam.

continued on next page

District 3 continued

We had **Joan** and her mom **Corine, Marlene & Jeff Stevens, Janice Railton** and the whole neighborhood over there jamming, singing, doing the twist and rocking out until after 10. Sure glad we live in the country!"

Currently District 3 OOTFA jams are the 2nd Sundays of each month at the **Powell Butte Christian Church** from 1 – 4 pm. Jamming only. Dances will resume as state regulations allow.

A few local OOTFA members gathered at the new location of a Central Oregon treasure: **Sunday Guitars** in Bend. Owner **Ted Engstrom** is a new member of OOTFA, and has the perfect place to peruse new and previously loved instruments. I can personally vouch for a fun time and at this friendly local music store, where I have bought several guitars and my 1931 fiddle. Being able to try the instruments out and even trade in instruments if you want to upgrade is a bonus. Sunday Guitars has recently moved to a new location with more space at the corner of Greenwood and 9th Street in Bend. A Grand Opening for the new location is being planned for July 25th with live music and great deals. Visit their website at www.SundayGuitars.com for more details. And welcome Ted!

Ted Engstrom of Sunday Guitars

Oldtime musician, performer, teacher and 2017 Recipient of a Master Artist Award from the Southwest Folklife Alliance, **Dan Levenson**, is in the Central Oregon area as this report is being written. He is willing to arrange workshops and lessons for any group that may be interested. Since he may be gone by the time this **Hoedowner** is published, you can also visit www.clawdan.com. An amazing artist you'll want to check out.

Sunday August 2nd at 1 pm at the **Powell Butte Christian Church** there will be a FREE outdoor concert by **Joni Harms**, a celebrated Western Music artist. She brings an amazing energy to her performances and is a joy. She is the 2018 Academy of Western Artists Album of the Year winner for her album "Lucky 13". Check out her website at www.joniharms.com

In a "normal" year, in August, many District 4 members would be freshly back from the **West Cascades Fiddle Camp** with new tunes and techniques under their fingers. Many would be anticipating a trip to the coast to attend the **Winchester Bay Music Festival**, to escape the triple digit temps in the valley and enjoying cool ocean breezes. They would be looking forward to eating delicious fresh seafood and playing endless tunes with friends from the coast. But... this is not a "normal" August.

With the restrictions due to the Corona virus it's not been easy to get together to play music with other musicians. Here are two opportunities available, as of this writing. The manager of the **Roxy Ann Grange** called **Judy McGarvey** to inform her the building is available for a small gathering. Judy is hosting a jam every Wednesday from 4-5 pm at the grange. Seating is first come so you must call her in advance at **541-779-8145**. Judy also does a street performance for her neighborhood on Brookdale, in Medford every Thursday, 2:30-3:30. Everyone is welcome. There's plenty of shade and her neighbors are really enjoying the music, asking for favorite tunes, doing a little dancing and they really enjoy it when Judy gives a little history of from where a specific tune originated and how it came down to today. It's a great way to get some practice in with other musicians and you're performing a community service.

In any successful organization, especially a non-profit such as OOTFA that is staffed with volunteers, it's imperative to have dependable, talented and knowledgeable volunteers. District 4 is fortunate to have many talented workers. One unfailing member is **Andrew Rosas**, who works quietly behind the scenes. He is a talented musician who plays the piano, violin, guitar and drums. As a child growing up in San Francisco he was given piano lessons for 5 years by his first cousin, an extremely gifted musician. Andrew taught himself how to play the guitar and drums. He also taught himself to play the fiddle with help from the beginning fiddle classes and the Wednesday afternoon jam at Roxy Ann taught by Judy McGarvey.

Andrew Rosas a talented musician and a behind the scenes volunteer for district 4 tunes up his fiddle at Roxy Ann Grange

District 4 continued

He is an experienced sound man also and often set up the system for the district's gigs and jams and plays the fiddle during the performance. Andrew stores all the district's loaner fiddles at his home. He maintains them and keeps an inventory of who each instrument is loaned out to. At his home he also stores the district's sound equipment in his music studio. He is a valuable member who quietly does the many jobs he has volunteered for, never seeking any praise or thanks. He faithfully keeps the district moving forward from behind the scenes. Thank you!! Andrew. You are instrumental in helping us make beautiful music.

District 4 sends best wishes to everyone in the state to stay healthy, stay safe and keep the music resounding.

Remember back when you could get a fiddle from the Sears & Roebuck Catalogue for \$2.95? Probably not, since that was the going rate for a basic fiddle in 1902. Do you recall clutching a quarter in your hand and heading to the movies, knowing you would get change enough to buy a bag of popcorn? That is entirely possible for many of us, since those were 1940s-1950s prices in Coos Bay at the Egyptian Theater. Well then, do you remember playing oldtime music together with friends? Well, yes we do, but it's been only since March of this year and it sometimes seems like it's been much longer ago, doesn't it? To help you recall our times together and to also encourage you that we will again have these times, we include a selection of photos from some of our favorite jams and performances.

In closing this "throwback edition," I would like to express appreciation for our editor, **Robin Lindsey**. Robin not only turns out a professional and spiffy-looking newsletter for our districts each month, but he channels all his years in media, art and writing to pull the important and interesting news together and put it into good order--month after month. He also deserves notice for his "special ops" during this pandemic, when he has most likely had call to be more encouraging and supportive to his reporters. He has been an affirming and knowledgeable resource to all the reporters, when needed. Thanks Robin, for a very large and sometimes complicated job, well done. Being an editor is not for the faint-hearted!

And now, take care, everybody and keep the music and friendship flowing.

HOEDOWNER

Tune of the Month

Thanks to Melinda Grant for bringing us Tune of the Month for August, 2020!

Also known as **Texas Gales**, this is a fun 3-part tune in the key of C. It comes to us from Alonzo Elvis "Tony" Alderman (1900-1983), of western Virginia, who recorded it back in 1927 with the Hill Billies. They are credited with having coined the name for a genre of music, later termed 'oldtime' because hillbilly was viewed as pejorative.

You can hear them do it on [slippery-hill](#), or there are lots of good versions on [YouTube](#). Step lively now, this little baby moves right along.

Texas Gals

The musical score for "Texas Gals" is written in treble clef with a 2/4 time signature. It consists of nine staves of music. The key signature is one sharp (F#), indicating the key of G major. The score includes various chords (C, G, F) and first/second endings indicated by bracketed lines and repeat signs.

Kim (Collar) Drapek, who has taught at the **West Cascades Fiddle Camp**, teaches and manages the Albany before and after school strings and youth orchestra program known as the Mid-Valley Prelude Sinfonia. When the Albany School District announced the COVID-19 shut down on a Friday in early March, Kim spent the week-end scrambling. She delivered music and instruments to kids whose instruments had been "captured" at school and couldn't be picked up. By Monday she and her fellow teachers, **Denver Speelman, Roseanne Smith, Issac Andrew, and Julie Ritchey** had coordinated how to do remote teaching and were holding classes without missing a beat! They even produced a final spring concert video for the kids using recordings made at home by the students and put together by the teachers. Some of these students have attended Fiddle Camp. These teachers instill a love of music and confidence in their students. Regular school teachers have noticed increased attendance at school for kids in the orchestra program. Summer classes this year include a fiddle class for the first-year students. The program is in five Albany middle schools and serves over 170 kids. The program is always in need of quality instruments and funds that help offset scholarships awarded at the Corvallis Knights Baseball game in July. They are a 501(c)(3) registered nonprofit. Kim can be reached at: **1-541-971-9806**. The program's website is www.albanystings.org

Donna Wynn:

I don't know about you, but I have always had problems practicing. I usually start with a tune that comes to my attention that I want to learn or go over, then I remember that I should play a few scales to get my fingers back in tune. Then I noticed a book of tunes that I bought five or more years ago that looked interesting, Celtic, or Cajun, or whatever and play or start to learn to play. Maybe then the phone rings, or the cat or someone is needing something, which leads to...whatever. Some days, If I get 10 minutes of real practice, I know it is better than no minutes of practice, which also happens. But there are days where I start and keep playing until my hands tell me to take a break. All in all, I know that playing something, anything makes me happy. So whether we call it practice or just fun for a few minutes, it is All Good. It is called Playing music because it is supposed to be fun-so find your fun.

Dave Morris shares a quote he feels is appropriate for now:

"Life is short and we have not too much time to gladden the hearts of those who travel the way with us, so be swift to love, make haste to be kind."

We have 8-10 invitations from District 7 to join them on August 8, from 1-3 p.m. at **Yamhill Valley Vineyards** 16250 SW Oldsville Road. This is an outdoor event. Masks and distancing will be required (for players & audience). If you can commit to come and play it's first come to sign up, so please let **Marie Bailey** know. Anyone not playing with us will need to make a reservation by calling **503-843-3100**.

Directions: About 3 miles south of the city limits of McMinnville from Hwy 18, Oldsville Road is next to Farmer John's farm market stand. Follow the Vineyard signs to the tasting room. Where the road Y's go left. We will be around back on the lower deck. Lots of parking. We won't be using mics, so if you sing just belt it out.

Scholarship applications for fiddle lesson assistance are due this month if you wish a full year of help. Our program year starts September 1 and ends August 31. You must be a paid member to receive Scholarship funds. If you need an instrument we have loaner fiddles in full, 3/4 and 1/2 sizes. Contact **Marie Bailey** for scholarship questions and applications.

Just another reminder that we are celebrating **Bob Huffman's 100th Birthday** on August 15th at Terry and Andy Jorgensen's home. We will share a potluck at noon and jam outside under their beautiful shade trees (bring a chair). The address is **50995 SE Baty Road** in Sandy. Terry's number is **503-702-0460** and email is **terryjorgensen112852@gmail.com**

It is with great sadness that we have learned about the deaths of two very active members of District 7. **Helen Hakanson** was a long time member who in recent years would bring her very talented family to jam with us. It was a huge treat to have her children and grandchildren there playing with her. **Joe Alff** also passed away recently. Joe and his wife **Betty** weren't players but were faithful and fun supporters of our group jams. They often came to the NW Jam, and **Marcella Easley** reports that Joe always wanted her to play her dulcimer for him. We will miss both of these wonderful people and send heartfelt condolences to their families.

I look forward to getting together with you all soon.

We played at the 4th of July Celebration with a small group of **Janet Braymen, Joan Suther, Randy Gibson, Don Greenfield, Lorretta and Mike Peyrollaz**. It was an outdoor event with much social distancing in **Hines Park**. We had a good time with a lightly attended gathering.

We send our condolences to **Leo Raymond** on the passing of his wife **Barbara**. They so enjoyed the jams. We will miss her.

Happy Birthday to Joan's dad, **Dan Suther** who turned 90 years young in July.

We continue to gather on Friday nights in a well-spaced jam in a large room and love making music and practicing together. Call **Joan Suther** or **Randy Gibson** to find the meeting place, and the protocol - like no snacks, no card playing, etc. Musicians are welcome if you are both healthy and comfortable.

It was great to have **John Borelli** join us at the Friday jam.

We are looking for opportunities to play outdoors in the community, of course following the State's guidelines.

Our next Potluck and Jam will be announced when the governor says we can go back to life as we knew it. We are looking forward to

seeing everyone return and bringing your friends and your instrument.

We played at the Canyonville Farmer's Market on July 15. Everyone was masked up throughout the show. The band included **Jim Leininger, Jim Kuether, Jude Stensland, Christine Cormack, Frank Moore, Dan Jocoy and Joe Ross**. Thanks for coming! We had a business meeting on Sat, July 25. A summary will be in the September **Hoedowner**.

Physically distant jams are continuing outside on Mondays and Fridays. Check the OOTFA googlegroup emails or call Jude for location. The practice is paying off. We're working on many new tunes, and Jude will provide a thumb drive to any District 10 member who desires music and chord charts for them. For good practice, we've also been playing **"Five Foot Two"** in eight keys (following the circle of fifths) from C (no sharps or flats) to C# (with seven sharps).

We're scheduled to play at **Oak Park** at 1 pm on Thursday, August 6. The Oak Park infection control person said the music will be held in the back garden, outside, with appropriate masking and distancing.

In August, we celebrate birthdays of **Barbara Willhoft** (Aug 1), **Gynn Deaton** (Aug 7), **Jim Leininger** (Aug 12), **Hal Thompson** (Aug 13), **Ron Pinard** (Aug 17) and **Chuck Stayer** (Aug 19). **Joe and Kathy Ross** celebrate their 38th Anniversary on August 7. Congrats also to **Frank Moore** and **Karen Bennett** who celebrate their 4th Anniversary on August 25.

Now Let's Pick!
